

Computer Science Taken Courses Records:

Course Name	Institute
Introduction to Kernel	Mediatek internal training
Embedded Linux Step by Step using Beaglebone Black	Udemy course
Linux Kernel Module and driver Programming for X86	Udemy course
Mastering Data Structure & Algorithms using C and C++	Udemy course
OOP / Data Structures in C++	UIUC, Coursera course
CS6200: Introduction to Operation System	Georgia Tech, Udacity course
STAT110x: Introduction to Probability	HavardX, edX
Algorithms Specialization	Stanford University, Coursera course

Academic Work in progress (or To-do)

Course Name	Institute	Target Date
Python 3 programming course	educative.io,	2020 Dec~2021 Jan
Python SC001(Foundation)	StanCode (Coding Institute in Taiwan)	2021 Jan~2021 Feb
- Python SC101 (OOP/Data Structure/Algorithm)	StanCode (Coding Institute in Taiwan)	2021 Feb~2021 Apr
Python SC201 (AI / ML / DL / Neural Network)	StanCode (Coding Institute in Taiwan)	2021 Apr~2021 Jun
Python SC202 (Cracking the Coding Interview)	StanCode (Coding Institute in Taiwan)	2021 Jun~2021 Jul
